INNOVV™

POWER HUB 3

DC 12V IN DC 12V OUT (15A TOTAL)
Red: +, Black: - Red: +, Black: -
Yellow: Acc (Default 3A each, 5A Max.)
10s Power on/off delay, Solid blue=Power on

- Do you power-up/power-off the devices manually?
- Devices getting damaged by poor power supply?
- Multiple connections to the battery look unprofessional and messy!

Everyone has more than just powersport cameras.... there are also GPS, driving lights, heated clothing/gloves, and other accessories on our offroad toys. The PowerHub3 allows you to connect up to 5 different accessories very easily. It's powered with the ignition so it turns on and off with the turn of a key and by having a shared ground connection, it keeps everything tidy and easy to use.

EXTENSION CABLES

INNOVV Extension Cables for the INNOVV powersport camera systems

Cable length: 3m (9.84 ft) or 9m (29.52 ft)

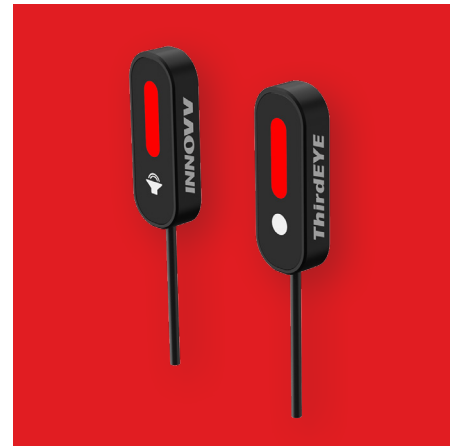

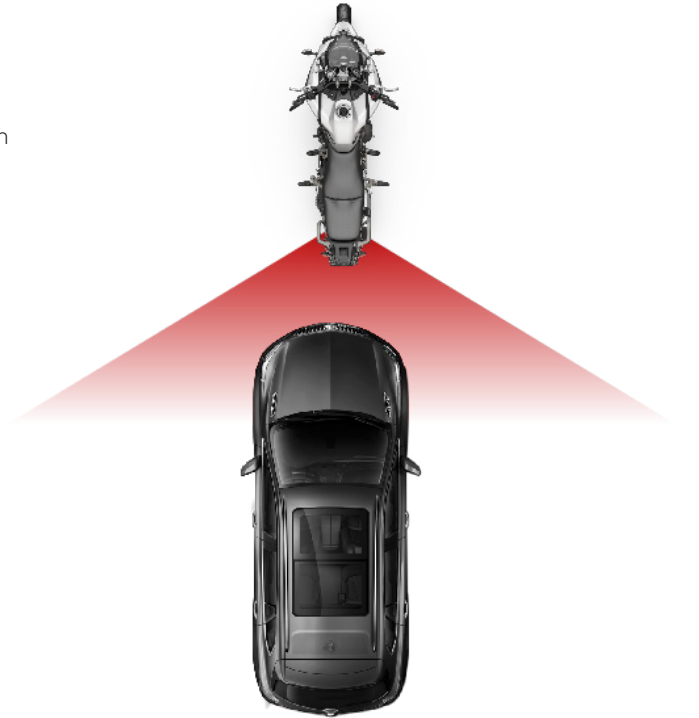

THIRDEYE

Blind Spot Detection System capable of detecting 64 targets up to 50m

- Lane Change Assist
- Rear Collision Warning

IP67 Rated
